3M™ Floor Pads

The uniform construction of 3M floor pads, ensures that stripping of layers happens in a very homogeneous fashion without making deep scratches.

- Removes black marks upto 6 times faster
- Increases soil removal by upto 60%
- Maintains aggressiveness over the life of pad by upto 10 times
- Lasts up to twice as long
- Consistent performance throughout life of pad

Color of Pad

Cleaning Action

- Stripping
- Scrubbing
- Cleaning
- Buffing

What it does?

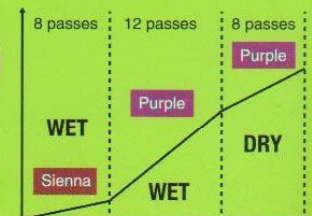

- To remove finish, sealer and contaminants from the floor surface. Done at the start of a maintenance program and at times when scrubbing will not achieve the desired results.
- Done prior to replacing worn finish; Provides a fresh new surface to maintain.
- To remove light soil, scratches, scuff marks and black heel marks without dulling surface
- Polishing, buffing to enhance floor shine

3M™ Diamond Pads

Complete Floor restoration system
Cleans and polishes stone floors in fewer steps. No chemical required!
Saves Cost & Time.

3M™ Cleaning Tools
