

Sticky Mats

Unframed Mat Framed Mat Capture dirt on contact before tracking it from one area to another

Between areas within a plant or between the plant and the office these adhesive mats capture dirt on contact from shoe soles, wheels, and other passing objects. • Individually tabbed sheets remove easily to expose a fresh sheet

- Individually numbered sheets ensure one sheet removal at a time
- Large adhesive area allows two full steps

Unframed mats adhere to most smooth, clean and dry floors such as tile or concrete. Removes cleanly.

Framed mats are adhered to a plastic frame. Frame's nonskid back maintains position on carpet and other surfaces. Replacement pads/mats install easily to the reusable frame.

To preserve the cleanliness and appearance of floors and carpets, 3M™ Clean-Walk Mats reduce the amount of dirt passing between areas.
